AMERICAN MADE

A little about us...

The origins of Mosser Glass go back more than half a century to the time when Orié Mosser was the plant manager of the Cambridge Glass Company. His son, Thomas, began working there as a teenager, learning the trade from bottom to top. When Cambridge Glass closed in 1954, Tom decided to continue in the glass business building a company of his own.

It took a while for a young man just starting in life to assemble the elements necessary to do that. He spent five years buying glass moulds, searching for affordable used equipment and saving money. In 1959, he was finally able to begin manufacturing glassware

in an abandoned chicken coop. From humble beginnings, Tom was able to leave the coop within two years and form Variety Glass, producing glassware for the pharmaceutical industry.

From day one, Tom Mosser was committed to manufacturing quality glassware, and his dedication was rewarded with continuing success. In 1971, he established Mosser Glass with a product line that blends new designs with timeless classics acquired from Viking, L.G. Wright and of course, Cambridge Glass.

Today, Mosser Glass employs more than 30 people in an efficient manufacturing process configured to provide the highest quality glassware for our customers. And the fine family tradition continues with family

Dedicated to Thomas Mosser, loving husband, father and grandfather 1927 to 2006

members bringing new ideas to the company while keeping with the traditions our customers cherish.

The Mosser family is proud of the legacy that Orié and Tom began. As you look through the following pages, you will see we continue that legacy, blending beauty and fine craftsmanship in every piece of glassware we produce. We hope it brings you as much pleasure as it brings us.
