

OV-FT-17

2-5/16" L x 1-3/4" W x 1-1/8" H

HEISEY NO. 1121
Heisey Glass

Known colors: Clear

Note: Found marked
and unmarked.

Details: Beveled top edge is nearly 1/8" wide. 4 side panels are flat, 4 corner panels are rounded. All panels separated by single concave column. The bottom is very slightly depressed that gives an idea of an outline. 20 rays on bottom emitting from a square with 9 small raised rounded points measuring 1/4" SQ.
