**GLENY.  
IND.**

1-7/8" D x 7/8" H

Possibly GLENY  
George Duncan & Sons c.1880s  
U. S. Glass after 1891

Known colors: Clear

Note: Gleny might be a shorter name for Glengarry which is a popular plaid. The bottom design resembles a plaid pattern. Just an opinion on why it's possible this salt is Duncan's GLENY.
