GREENSBURG NO. 130
aka BARREL BLOCK
Greensburg Glass c.1889
National Glass after 1899

Known colors: Clear

Note: Central glass produced this pattern while Greensburg was moving from Brilliant, OH to Greensburg, PA.

Greensburg joined National Glass as Factory #8 in 1899 but was sold in August 1900. Greensburg molds appear to have been transferred to Royal Glass (Factory #18).
